

Dear Friends and Supporters,

Exciting announcement! With great pride, we announce an exciting change in venues for the highly anticipated Tri-State Italian American Congress 2023 Golf Outing for a Great Cause. With great enthusiasm, we announce that the North Hills Country Club and the Garden City Country Club will now play host to this extraordinary event.

The Tri-State Italian-American Congress cordially invites you to another exceptional day of golf at our 2023 Golf Outing. This event has become much more than a golf tournament over the years and is one of the premiere golf events of the year, both on and off the links!

The event will be held on Monday, August 21, 2023. The clubs are near each other, 4 ½ miles apart and they both are prestigious establishments. This event not only benefits our Tri-State scholarship fund that aids needy Italian-American students in furthering their education, but also offers exposure for the organization and an opportunity to make new friends. With a total of 36 holes, we have the ability to book additional golfers and tee signs, as well as maximize our fundraising efforts. There continue to be students in a financial position where they need help more than ever. Your support and participation will make a difference that is greatly needed.

Please consider playing at or perhaps taking sponsorship for this event. The enclosed materials outline all the opportunities available, from foursomes, to tee signs, to full-fledged sponsorship opportunities. You can register online or use the enclosed sheet to reserve your foursome or to secure your sponsorship. If you are unable to join us, we would appreciate it if you could sponsor the event, donate prizes, or contact someone to donate prizes for the raffle such as gift certificates to restaurants, golf foursomes, tickets to sporting events, and consumer electronics are ideal items.

Please take a moment to review the enclosed materials with information on the opportunities.

Online registration is preferred to ensure a seamless registration process.
